Team: **MSR DESIGN**

- 38,000 square feet of education space
- Large open areas for group sessions and small breakout rooms
- Enlarging the Wooddale Cafe with enhanced food service, efficiency, and traffic flow

Langer Construction
has never let me down.

“ I've worked with them on several projects and I have complete confidence that they will do what needs to be done, which is a true blessing. I sleep better at night knowing Langer is our contractor; safety is always first and foremost, they clean up daily, and there is minimal interference to daily ministry – Langer does a great job at spoiling us.

Mr. Erik Hays
Former Facilities Director
Wooddale Church
